

Client Testimonial for Patrick Egan Lacrosse Consulting

My daughter picked up a lacrosse stick in the 7th grade for the first time and fell in love with the sport. We were so fortunate that her first coach that season was Pat Egan. He saw in her a passion and drive that overshadowed her concrete experience. I had no knowledge of lacrosse or how to help my daughter develop the necessary skills to pursue this new passion. I didn't know D-1 from D-2 or D-3. Over the next 5 years, Pat advised me as to which clinics, camps, clubs and showcases would best support her aspirations of playing in college. He advised us as to what skills she needed to further develop to enhance her performance. He gauged my daughter's academic as well as athletic abilities and guided me to a multitude of appropriate colleges and universities that he felt would "fit" my daughter. As my daughter and I became fixated on one or two schools, Pat advised us to expand our focus, to schools and areas we had not even considered. He advised both of us as to the process of going to Prospect Days and means of communicating with the coaches that would foster a positive relationship and begin the recruiting process.

My daughter is now playing lacrosse at Haverford College. We are so fortunate that she received multiple recruitment offers during this process. Pat helped her weigh out her options and ultimately choose the best overall fit for my child. As she experienced the ups and downs of this recruiting process, so did I. If your child wants to play lacrosse in college, it will require an investment of time, money and commitment. There is no way we could have navigated these uncharted waters without the guidance and support of Pat Egan. My daughter is at a great school and part of a wonderful team with a wonderful coach. I am so proud of my daughter for all of the hard work and effort she put in to this sport, and so grateful to Pat Egan for helping her through the recruitment process. Any aspiring lacrosse player fortunate enough to have Pat Egan mentor them through this recruitment process will be on the lacrosse field in college.
